The largest and most influential paper event in China -- The 18th International Pulp & Paper Industry Expo-China.

Since 2004, after the development and innovation of 17 years, Paper Expo China has covered comprehensive fields, including machinery of pulp, paper making chemicals, culture paper, packing paper, printing paper, industrial paper and special paper, etc. There are 1500 exhibitors from 10 countries, and 150,000 professional buyers come from 40 countries, in which high-end buyers accounted for 15% from South East Asia, Mid- East, Europe and the United States. It has become the best foreign trade platform in similar event.

The 18th International Pulp & Paper Industry Expo-China will be held in Poly World Trade Expo Center Guangzhou, China, in May 30 to June 1, 2023. The exhibition area is 10,000 square meters, it will be gathered more than 200 exhibitors from over 10 countries and attract 15,000 professional buyers. The thematic exhibition areas shows new product and innovative technology of paper making industry chain and includes pulping and paper making technology, paper making chemicals, paper industry, Paper and pulp molding, tissue etc.

Special international exhibition area is set up to help international enterprises to explore the Chinese market

The introduction of all kinds of high-quality imported pulp, paper, pulping and papermaking equipment and related products, paper making chemicals, etc.

Paper Expo China 2023 Features

The world's largest paper, printing production and consumer market

China is an ancient and great country in papermaking and printing. Since 2009 it has been the world's largest producer and consumer of 2021 paper, with a global production of 400 million tons of paper and paperboard and Chinese production of 120 million tons, about 30 percent of global production.

01

Since 2023, multiple kinds of paper imports zero tariff, is the best opportunity for foreign paper to open the Chinese market.

On December 28, 2022, the Tariff Commission of The State Council of China issued a tariff adjustment plan for 2023, which will implement zero tariff on several types of paper imports. Starting from January 1, 2023, China will impose provisional import tariffs lower than the most-favored-nation rate on 1,020 commodities, among which double rubber paper, coated paper, white board, recycled box board paper and corrugated base paper will be subject to zero tariff. This will greatly facilitate the import of these kinds of paper into China.

02

Held at the same time 2023 Paper - making and paper equipment purchasing meeting.

The purchasing equipment includes pulp and paper making equipment, paper making chemicals, culture paper, packing paper, printing paper, industrial paper and special paper, etc. Buyers are mainly from more than 10 countries, including China, Southeast Asia, the Middle East and India. More than 10 countries. Printing and packaging associations of various provinces and cities in China will organize groups to attend the event, and end customers such as large printing and packaging plants, food and beverage paper will also attend the event.

03

Held at the same time "2023 The 6rd Paper Industry Seminar of China Ten Provinces (Areas) "

The Pulp and Paper Associations of Guangdong, Shandong, Jiangsu, Zhejiang, Henan, Fujian, Sichuan, Guangxi, Hubei, Hunan and Jiangxi will organize the seminar for discussing pulping and papermaking, intelligent manufacturing, double carbon policy, etc. There are 1000 professionals and leaders of pulp and paper companies, equipment manufacturing, paper chemicals, printing and packaging industry, production, technology, equipment and environmental departments of related industrial research institutions and associations will participate in this seminar and share their successful experiences in advanced equipment, technology utilization, technology reform.

04

Held at the same time "2023 China Special paper innovation development Forum"

The forum will be a platform for the release and exchange of new technologies, products and applications of special paper. We will invite many experts to exchange and share the current situation and future development trend of special paper market at the forum. And in-depth discussion of new technology, new equipment, new materials, new products and new applications in the industrial chain.

05

Held at the same time "2023 Guangzhou Industry paper instead of plastic and pulp molding Exhibition and Forum"

This exhibition will comprehensively display the new products, new technologies, new materials and solutions of the whole industrial chain of paper and pulp molding. It will build a platform for the industry, open up trade and cooperation channels, jointly explore technological innovation, expand new application scenarios, and open up business opportunities for global buyers. With the theme of "Green, environmental protection, sustainable, low-carbon forward", the forum will focus on the latest technologies of the industry, share the latest market development trends and application scenarios, successful application cases and solutions, and promote the development of the industry.

06

One-on-one VIP buyers invitation service

Organizer will arrange personnel to track objects, contact the exhibitor and buyer one-on-one service, helping the exhibitors achieve their goals.

As a VIP service of buyers, it includes getting visiting certificates in advance, VIP negotiation area (free to enjoy coffee, drinks, etc), Free to attend the meeting, Lucky draw and have the opportunity to get free accommodation and reimbursement one-way fares, and so on.

07

Paper Expo China 2021 Pump Review

The 17th International Paper Expo-China was successfully held on October 31 to November 2 in Poly World Trade Expo Center Guangzhou, China, and the exhibition area of Industry paper instead of plastic was specially added. After the vigorously promotion by organizing committee , many exhibitors have achieved good results.

The exhibitors number : Over 200 well-known brands in the industry.

Groups: 2 groups , namely Shandong pavilion and Henan pavilion.

Well-Known Exhibitors: Nine dragons Paper, Hong Yuan Paper, Yunda Paper Making Equipment, Guangzhou Paper, ESURGING, Jun Neng Chemicals, Desen Paper, Fujian Light Industrial Machinery, SYSTAK Environmental protection material, Huimei Starch, Guangye Testing Group, Huafeng Wangye, SIXIN Chemical, RisingStar Biotech, RICHER Paper, Lifeng Mechanical Equipment, Seraph Chemical, Ganguang Chemical, Xiangrui Dye, Zhengnuo Mechanical Equipment, Feierte, Sifangshaiye, Yixi Paper, Sanying Paper, Futelai, Futelai, Honglun Paper, Bingao Paper, P&P paper, Honglun Paper, etc.

Professional buyers:

Domestic buyers: 7628, came from Guangdong, Guangxi, Hunan, Hubei, Sichuan, Jiangxi, Anhui, Fujian, Shandong, Henan, Jiangsu, Zhejiang, Shanghai.

Top 30 of paper yield also participate and they are Nine Dragons Paper, Lee & Man Paper, Chenming Paper, China National Paper-Industry Investment Corp, Guangzhou Paper, Vinda Paper, Tralin Paper, APP, Storaenso, Leo Paper Group, International Paper Packaging, Yihe Packaging, Jinmei Printing and Packaging Group, Guangzhou Printing and Packaging Group, etc., all came to visit.

Held at same time

Held at the same time, 2021 The 5th Paper Making Equipment's purchasing meeting of Pakistan visiting group, 2021 Guangzhou Industry paper instead of plastic and pulp molding Exhibition and Forum etc activity. Nearly 20 industry masters analyzed the hot spots, pain points and difficulties of the current industry together, and shared the latest technology and successful experience in the industry. The exhibition set up a effective communication platform for exhibitors and delegates.

Paper Expo China 2023 Exhibits Range

Pulp and paper industry exhibition :

- Machinery, Accessory, Auxiliary equipment of pulp paper
- Papermaking Automation and Instrument
- Tissue Paper related Equipment
- Energy-saving, Environmental Protection, and “Three wastes” treatment technology and equipment
- Paper processing, Printing, and Packaging Equipment

Papermaking Chemicals exhibition:

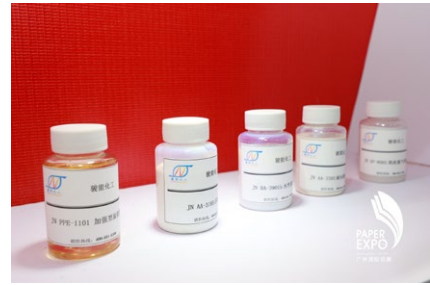

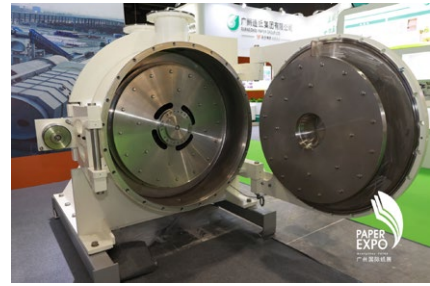

- Modified starch
- Sizing agent
- Water soluble polymer
- Functional papermaking chemicals
- Process of paper making chemicals
- Material: talcum powder, light calcium carbonate, ultra-fine grinding of heavy calcium carbonate, kaolin, titanium dioxide, etc.;
- Coated adhesive (rubber): carboxylic styrene butadiene rubber, benzene - acrylic copolymer emulsion and CMC, casein, etc;
- Papermaking enzyme and biological technology: Paper use all kinds of water treatment agent; and other kinds of paper making chemicals.

paper industry exhibition :

- Cultural Paper, office paper
- packaging paper, printing paper
- industrial paper, all kinds of paper board
- printing specialty paper: arts paper, patterned paper, iridescent paper, gold and silver cardboard, PVC etc
- other specialty paper and board
- other paper and paper products ;
- pulp and paper other board etc

Paper instead of plastic exhibition area :

- Paper and paper-based materials, fully degraded paper-plastic composites
- Paper products, paper packaging and solutions
- Pulp molding products and equipment, molds
- Chemicals and auxiliaries used in pulp molding
- Biodegradable packaging materials, packaging products and solutions,etc.

Participation Costs and Packages

Option 1: Standard Shell Scheme (Min. 9m²): US\$320/m²

Package includes: standard panel, exhibition lintel with company's English and Chinese name, carpet, 5A/220V power socket (500W), 2 florescent lamps, 2 folding chairs, 1 information counter, 1 trash can

Option 2: Raw Space (Min.36 m²)

International enterprises: US\$280/m²

Note: Raw space does not include any facilities, and it shall be no less than 36 m².
